## ORGANISATIONS

### Living Student's Foundation, A co-organizer

The Organisation sees to solving the UN SDG4- Which is Education for all. Its activity involves empowering students with the knowledge of quality education, the available opportunity for less privileged students, eradicating ignorance among African Teens as regards higher education, and a lot more.

I played the role of a co-planner for the three outreaches we went to in May and June 2022. The schools visited are St. Joseph High school, Idanre Ondo State, Baptist High school, Akure, Ondo State,

### The Orphanage Empowerment Society (TOES), A Volunteer

TOES is an NGO that equips orphans and caregivers with entrepreneurial-based vocational training, tools & support so they can become self-sufficient. I volunteered thrice but was physically available twice with the Akure region both of which were 2021 & 2020 respectively. They Operate across Nigeria.

For the second and third editions of the TOES-Akure region, I was opportune to be part of the organizer, Although I was not available physically for the third edition due to the compulsory 6-month industrial training I was undergoing then, I contributed my money and time to see that it was a success.
